

Field Measuring Instruments

Field Measuring Instrument Index

Digital Multi Meters (high precision)

DT4281/DT4282
Terminal shutter interlock mechanism DMM, True RMS rectifier
Measure current with clamp sensors (DT4281 only)
..... p. New-3

Digital Multi Meters (basic functions)

3246-60
Pencil type DMM
3244-60
Card size DMM with emphasis on safety
..... p.58

3245-60
A card size DMM with solar charged battery, Average rectifier
..... p.59

3255-50
Built tough for use with industrial power lines DMM, Average rectifier
..... p.59

3256-50
Terminal shutter interlock mechanism DMM, Average rectifier
..... p.59

Voltage Meter

3258
Non-contact testing to safely measure voltage breaker panels AC 600V
..... p.58

Digital Multi Meters (multi-functional and high precision)

3257-50
Terminal shutter interlock mechanism DMM, True RMS rectifier
..... p.59

3237, 3238, 3239
High speed DMMs 199999 count display
..... p.33

Phase Detector

3126-01
Phase detector, Rotary disk style, 110 to 480V
..... p.63

3129/3129-10
Phase Detector, Non-contact types, AC 70 to 600 V(50/60 Hz) AC 70 to 1000V (3129-10)
..... p.63

Voltage Detector

3120
Voltage Detector AC 70 to 600 V(50/60 Hz)
..... p.60

Earth Testers

FT6380/FT6381
Easy pole earth resistance measurement with super slim jaw
..... p.63

3151
Grounding resistance meter, Two-wire or three-wire measurement method, Tough and durable design
..... p.63

Insulation Testers

IR4056-20, IR4057-20
Five ranges testing voltage 50 to 1000 V Stable & high-speed digital readings with bar graph display (IR4057-20) 600V AC/DC meter, 200 mA continuity check Drop Proof, Hard case in a body
..... p.61

IR4016-20, IR4017-20, IR4018-20
Single range IR4016-20: 500V/100MΩ IR4017-20: 500V/1000MΩ IR4018-20: 1000V/2000MΩ Compact and lightweight, Luminous scale indicator type
..... p.62

3490
3 insulation resistance ranges, continuity, plus 4000MΩ testing at the 1000V range Conforms to IEC 61557/60364-6-61
..... p.62

3455
Testing voltage 250V to 5000V, Five ranges 10 MΩ to 5 TΩ Seven ranges
..... p.60

Measurement in Telecommunications Index

Analog Multi Meters

3030-10
Basic type analog tester, Average rectifier
..... p.63

3008
Use for industrial power lines Average rectifier
..... p.63

LED OPTICAL METER

TM6101
Measure the optical characteristics of white LEDs with ultra high accuracy and high speed
..... p.64

LAN CABLE HITESTER

3665-20
Identify the 3 most important criteria for proper networking at a glance
..... p.64

OPTICAL POWER METER

3664
For production of DVD recorders, CD drives, copiers, laser printers and more
..... p.65

NOISE HILOGGER

3145-20
Non-contact current sensor to search for noise invasion path 7 ranges from 5kHz to 100MHz 200 mA/2A/20A, 3 ranges
..... p.65

NOISE SEARCH TESTER

3144-20
Non-contact, voltage sensor to search for noise invasion path 7 ranges from 500Hz to 30MHz 0 dBV (1V), -20 dBV (0.1V) f.s., 2 ranges
..... p.65
