

DAL-20 Series High Voltage Detector

Product ID	DAL-20-8	DAL-20・30-12
Voltage range	AC 80~600V, 1.5~23kV	AC 80~600V, 1.5~35kV
Initiation of movement voltage (Bare wire/voltage to ground)	Low voltage : AC 80V High voltage : AC 1500V	
Frequency	50 / 60Hz	
Indication	Continuity beeping and flashing	
Flashing	Confirmable by 8000lx illuminance	
Beeping	More than 50dB away from 2m	
Withstand voltage	Dry condition : 46kV/1min After water absorption : 23kV/1min	Dry condition : 70kV/1min After water absorption : 35kV/1min
Operating Temperature	-10~40°C	
Power Supply	AAA battery (R03 1.5V) *2(Running time around 7h)	
Dimension	φ28×800mm	φ33×1200mm
Weight	Approx.260g	Approx.360g
Product lifetime	Around 10(ten)year
