DigiLevel LCD 60 cm

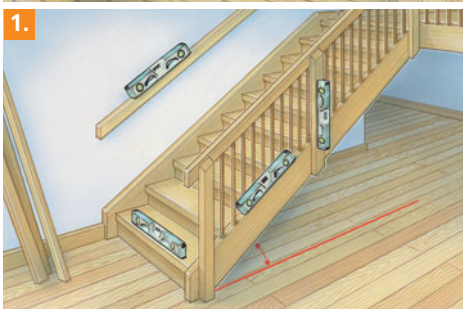

Intelligent spirit level with electronic angle measurement – horizontal, vertical or optional angles.

Rev 0312

1. The intelligent spirit level:

The intelligent spirit level with vertical and horizontal angle display. The slope memory enables angles to be projected elsewhere. The separate measurement memory allows up to 9 measurement results to be retrieved and converted on the display into degrees, Inch/Feet or percent.

2. Optimal use by AutoSound:

Horizontal, vertical and 45° use with audible inclination guide. Easy levelling.

Additional features:

- the illuminated display is easy to read under all conditions - even during overhead measurements
- vertical and horizontal vial
- milled measuring surface
- strong magnets
