

MultiClamp-Meter Pro

The professional current and voltage clamp meter with true r.m.s. measurement

Rev.0713

- Reliable and **fast current measurement in all closed current circuits**
- Measures direct and alternating currents **with true r.m.s. definition**
- **Automatic continuity tester** with acoustic signal
- DC zeroing for **exact DC measurement results**
- **Automatic diode measurement** with conducting-state voltage up to 1.5 V
- **Peak-HOLD function** for determining short-term making current
- **High measurement resolution** for precisely determining current, voltage and resistance
- **Integrated contactless voltage indicator** to quickly determine live parts
- **CAT III - 600 V** – can be used for measurements throughout building installations
- **Bright LED lighting** for integrated test point illumination
- **MIN/MAX function** for determining changing measurement variables
- Large, easy-to-read **LC display with backlighting and bar graph display**

TECHNICAL DATA

MAX. INPUT POWER
 A AC / V DC: 200 A (PEAK 282.8 A)
 V AC/DC: 600 V AC/DC
 Resistance, continuity test:
 600 V AC/DC

CURRENT AC
 0...200 A, ± 2,5%

CURRENT DC
 0...200 A, ± 2,0%

VOLTAGE AC
 0,2...600 V, ± 1,5%

VOLTAGE DC
 0,2...600 V, ± 1,0%

FREQUENCY RANGE 50/60Hz AC

CONTINUITY TEST
 Response threshold < 30 Ω
 Test current < 0,5 mA

PEAK HOLD
 Measures peak current <10 ms

OVERVOLTAGE CATEGORY
 CAT III - 600 V

LC-DISPLAY
 Up to 1999 (3,5 segments)

POWER SUPPLY
 2x 1.5 Type AAA, LR03, alkaline

OPERATING TEMPERATURE
 -10 °C... 55 °C

DIMENSIONS 164 x 65 x 32 mm

WEIGHT 175g

Illuminated display

Easy-to-use function wheel

Large clamp opening range

MultiClamp-Meter Pro
 + batteries (2x 1.5 V AAA)
 + 2 test leads

Package size (W x H x D)
 190 x 310 x 65 mm

ARTICLE	ARTICLE NO.	EAN CODE	PU
